✉ Martial arts feature *Underground* starts UK shoot

✉ Wendy Mitchell in London

15 August 2006

Park Entertainment and Intense Productions have started principal photography on announce that principal photography on *Underground*.

The action feature is set in the UK suburbs, where an underground tournament pits a dozen fighters against each other. The cast includes martial arts expert Mark Strange, kickboxing champion Nathan Lewis and stunt veteran Leon Sua.

Chee Keong Cheung is writing, directing and producing. Strange is also producing.

Mike Leeder is executive producing.

The shoot will continue until the end of August on location in Lancashire and London and delivery is expected in December.

Park Entertainment's Jim Howell said: "Chee and his team have already proved to us that they can stage terrific fight sequences but as the shoot has progressed you can see that the film is much more than this. You really start to identify with particular fighters – it could almost be a film version of a new reality show *Fighting Idol!*"
